## Doing our bit for Animal Welfare

**Edinburgh, Scotland:** The practice has today entered a sponsorship deal with a rescue dog. In sponsoring her, we recognise and make public her amazing resilience, determination and drive to recover and get on with her life.

Ki-Ra first came to our attention about a year ago when we had been advising on design and build of various animal rescues in Northern Spain. She had been seriously wounded in a traffic accident; the story of her recovery and rehabilitation resonated with us.

Over this sponsorship period we aim to raise the profile of animal adoption, welfare and responsible ownership and will be launching some exciting new design solutions to underpin this in due course.

To put Ki-Ra more firmly on the map, we recently ran a competition to design her avatar and give her recognisable identity. This was won by a lovely wee chap in London and can be seen @Kira\_she\_can
